Attached are the following drafts:

- Pie Charts for 12/31/08 – 04/30/09 (30 day buy period / 90 day hold period)
- Pie Charts for 12/31/08 – 08/12/09 (last day before Nasdaq listing)
- Daily Price / Volume Charts for
  - 12/31/08 – 3/6/09
  - 12/31/08 – 4/30/09
  - 12/31/08 – 08/12/09

These are just a few ideas on how to present the volume comparison during the Dec. 2008 through August 2009 pre-Nasdaq listing period. I can also add text boxes with additional info.

I am around most of tomorrow if you want to discuss. In the meantime, I will work on some things for the later KITD trading period.
